February 2010

ATTENTION ALL CLATA MEMBERS

The countdown to our Annual Meeting in Toronto, Wednesday, March 10th, 2010 has begun. I feel very positive and enthusiastic as all CLATA members should.

as·so·ci·a·tion (-ss-shn, -sh-)

n.

An organized body of people who have an interest, activity, or purpose in common; a society.

I think you will agree that our Association is no different than any other Association, that in spite of unprecedented changes we have all seen in our industry over the last decade from consolidation, closures, exchange rate fluctuations and political uncertainties, we continue to survive mainly due to a very dedicated group of business people who want this Association to survive.

We in CLATA take pride in taking a leadership role in this industry, so plan now to attend the Annual Meeting in Toronto on Wednesday, March 10th, 2010 at the Harco Head Office. We welcome your input and advise. Let us know what direction you want to see CLATA go in the future.
